

INDEPENDENT ADVOCACY SERVICE FOR STUDENTS

We Listen. We Support. We Empower.

Free, Independent & Confidential Support for YOU

WE ARE READY TO LISTEN TO YOU:

01325 373 301

students@adventadvocacy.co.uk

WE CAN SUPPORT WITH:

- Contacting Externals / Professionals
- Mental Health & Wellbeing matters
- Finances / Accommodation
- Meetings
- Student Forums / Awareness Sessions
- Academics
- Social / Cultural matters
- Complaints

We do not offer, and are not an alternative to, clinical support, but unlike other student support programmes, we are trained in providing independent generic advocacy, completely separate from the university or student unions and are on hand to liaise on university students' behalf.

Are you a student who requires additional support with something important to you?

Do you need someone to talk to who will LISTEN to your story and empower you?

We are here for you as your independent advocates to support you one-to-one to overcome your challenges!

We work with YOU, to achieve the outcome that you want.

Reach out to us at times when you might benefit from someone to talk to, or need someone to support you with any decisions that affect your student journey.

We see you as a whole person - not just as a student and can support you beyond your Higher Education journey.

Join in the conversation
on our social media
channels @uniadvocates

We can be approached by further contact methods:

Text / Social Media / Phone / Email / Letter
